OPEN HOUSE INTRODUCES STUDENTS, TEACHERS AND ART LOVERS TO FALL COURSE OFFERINGS IN ART APPRECIATION

The Violette de Mazia Foundation, Abington Art Center and Main Line Art Center host Open House

WHAT: The public is invited to attend two different introductory receptions, sponsored by the Violette de Mazia Foundation and hosted by the Main Line Art Center or the Abington Art Center. The open house receptions are being held to showcase the fall lineup of course offerings that the Violette de Mazia Foundation sponsors throughout the Delaware Valley. This is a perfect opportunity for students, teachers, art lovers and lifelong learners to receive additional information about the Violette de Mazia Foundation and find out how they can apply for scholarships to any one of the ten seminars being offered in various locations including: the Main Line Art Center, the Barnes Foundation, West Chester University, La Salle University Art Gallery, Abington Art Center, Winterthur Museum and County Estate and Allens Lane Art Center. Act 48 credit hours are now available for many of our classes and we are looking for potential new teachers to join us in teaching the objective method.

WHO: The Violette de Mazia Foundation teaches creativity. The Foundation is an arts education institution sponsoring programs and activities that teach an objective approach to aesthetic appreciation. The Foundation is based on the belief that education is a lifelong activity of growth, development, and change; that life and art are inextricably linked; and that enriching this aspect of our lives is a prerequisite to developing an engaged society. Since its establishment, the Violette de Mazia Foundation has enrolled students from all walks of life: from academics and senior citizens, to school students and prison inmates. Class instructors have extensive experience working with all age groups. The ideas and theories of this approach center on aesthetic understanding for everyone, regardless of academic or social standing.
